

Draw your forgotten creature here,  
add as much detail to it as possible

Once you have finished, take a picture of your drawing  
and go to this portal: [www.thewildescape.org.uk](http://www.thewildescape.org.uk)

Keep searching... go beyond our walls and see the birds  
peeping down and the ants looking up, let's not let any  
creature be forgotten again.

# FIND OUR FORGOTTEN CREATURES

Philanthropies**

and a group of generous individuals and trusts

# We need your fresh eyes and curious minds

What are we not seeing in our own displays? Are there hidden animals in a drawing? Or insects tiled onto the floors? We know that the majority of the UK's wildlife goes unseen and unnoticed, but what are we missing right here under our own noses, please help us to find our forgotten creatures;

1

Explore the corridors and corners around you and find a forgotten creature. Painted, drawn, embroidered or stuffed, anything that you think we've overlooked.

2

Once you have found your creature, draw it on the back of this worksheet.

3

Take a picture of your drawing, then follow the website link where you'll find a portal to a world where what you draw will be brought to life! Where it will move and live freely amongst many other creatures and most importantly, be seen!

4

Your drawing will be part of a new artwork, created by you!

5

If you are ready, scan this to hear from our friend Konnie Huq on her search then listen as you explore

Thank you very much for your help, now go, look, see what we can't and show us the world that we have forgotten.
