The Wild Escape

The Wild Escape is a major new project uniting hundreds of museums and schools in a celebration of UK wildlife and creativity

Taking place from January to July 2023, The Wild Escape invites primary school children (ages 7-11) to find a favourite animal in their local museum and create an artwork imagining its 'escape' back to its natural habitat. The pictures and stories children create will be brought together in a collective work of art that imagines a better future for the wildlife on our doorstep, launched online and in museums on Earth Day 2023.

The Wild Escape is made possible by lead support from Arts Council England's National Lottery Project Grants, with additional support from Art Fund and a group of generous individuals and trusts.
